Education

An Najah National University
Bachelor's degree in Computer Engineering
2019-2024

jamal Abdel Nasser Girls Secondary School
2017-2019

Aktaba Girls Secondary School
2006-2016

SKILLS

- C/C++
- Java
- HTML
- CSS
- MySQL
- Python
- Teamwork and Collaboration

Language

Arabic/Native

English/intermediate

Masa Issa(Qazmoz)

Computer Engineering

I'm an undergraduate computer engineer at NNU. I finished high school with a score of 93, the top student in the technology stream in Tulkarm. I pride myself on having a leadership personality and being someone who takes the initiative to help others when possible. One example of which is that I used to be a member of AIN community at NNU. Mainly, I'm interested in learning new skills and keeping up with the latest updates in my major.

Projects

Web project MovieX

It's a website for watching movies there is an admin for adding new films, and the user that can watch movies in live sessions like TV or choose any film to watch

Database project Freedom Tunnel

A website in cooperation with the Red Cross for families of prisoners to book visits for their children and some other services

Ai project Grid Solver

This project is to write a Grid-Map generator and a Grid-Map path solver. Grid-Map path solver must find the shortest path for the agent from one destination to another.

Experience

I have been the president of the school community for 6 months from June 16, 2021 to January 20, 2022.

I participated in giving a two-week Python course to school students in cooperation with the Technology Department in Nablus Education and An-Najah National University.

Certificates

student exchange program "connect global" with Soliya Foundation for 8 weeks in March/April, 2023

python course with IEEE computer society in May, 2021
